CARL SPACKLER OPEN
REGISTRANT ACCEPTANCE
Phases of Roster Build

This document introduces the scheduled phases of the roster build. It is intended for anyone who desires roster acceptance prior to payment or more explanation.

OVERVIEW

The Carl Spackler Open has repeated the same familiar registration process for 20 years. It consisted of a simple first come first served registration process. That process was retired in 2022. Rosters are built in three phases from a prioritized Roster Worksheet until it reaches maximum tee time availability or the final registration deadline.

A Roster Worksheet, which is a list of past participants, will be available during the registration process and the order in which we build each event roster. It will also be published in the website notebook during registration. A visual sample of a Roster Worksheet is provided as Appendix A.

DEFINITIONS or NEW SPACKLER LINGO

Registrant - A golfer who completes the registration process.

Pending Participant - Unpaid Participants on our website.

Official Participant - Paid Participants on our website.

Phase - The period on the calendar when prioritized registrants move to pending and official participants by paying at least the $150 deposit.

Unregister - The removal of an unpaid pending participant as a current registrant and participant.

Roster Worksheet - Unregistered sequence of past participants used to build a roster.

THE THREE-PHASE ROSTER BUILD

Past participants are organized into three phases, which are three consecutive months approximately 3 to 5 months before the event date. The three phases are included in the registration period. A typical June event might use January, February, and March as its three phases. See Appendix B.

Each of the three phases has three administrative actions. (1) Start each month (or phase) by adding a group of registrants as pending participants with or without payment. (2) Process received payments. (3) Unregister unpaid pending participants at the end of each month (or phase).

Registrants granted a pending roster spot have until the 21st of their designated month to fund their spot making it official. Registrants who paid upon registration are automatically official participants. Unpaid participants at the end of the month (or phase) will be unregistered. See Appendix C.

Pending participants (unpaid deposit) are identified on the participants' webpage. See Appendix D.

FINAL ROSTER SPACE

The remaining roster spots are given only to paid registrants using the Roster Worksheet. This is completed in seconds immediately after Phase 3. Further paid registrants will be contacted about the waiting list or receive a 100% refund.

INSTRUCTIONS FOR ANYONE WHO DESIRES MAXIMUM CONVENIENCE & SIMPLICITY

Step 1. Register on the website as soon as the registration period begins.

Step 2. Pay the Deposit ($200) during registration. Consider Paying the Full Event Fee. Funds will be applied to the current or last event attended and automatically carry forward.

Step 3. Monitor our website to ensure funds get posted to the current or last event attended.

Full 100% refunds will be returned to registrants not accepted due to roster size. 100% guarantee.

INSTRUCTIONS FOR ANYONE WHO DESIRES ROSTER ACCEPTANCE PRIOR TO PAYMENT

Step 1. Register on the website as soon as the registration period begins.

Step 2. Review the Roster Worksheet. Determine your phase and designated month.

Step 3. Monitor the Carl Spackler Open participants page for your pending roster spot.

Step 4. Pay the $200 Deposit by the 21st day of your designated phase or month.

Step 5. Monitor our website to ensure funds get posted.

ANSWERS TO POSSIBLE QUESTIONS

Question: The participant webpage suggests a full roster. Am I out this year?
Answer: The event participants' webpage was enhanced to show unpaid pending participants. Unpaid participants are removed on the last day of the phase, which creates roster space. Random unexpected cancellations also occur every year. Only paid registrants are accepted after Phase 3.

Question: The registration process asks for my desire to participate. What should I select?
Answer: All registrants, including golfers indicating 25% desire are added to the website during their designated phase (or month). The attendance probability question during registration is provided for you to communicate your desire to participate.

Question: Can you explain the phase schedule?

Answer: The days inside each phase (or month) have been designated, but identical month to month. Two samples are available in Appendix C.

- The first 3 days of the month are set aside for the Captain's Club to add both unpaid and paid registrants from the Roster Worksheet not to exceed the maximum. Excessive flexible time for the Captain's Club is provided. This highly important 5-minute role may or may not occur on the 1st day of the month. Paid registrants automatically become official participants.
- Pending Unpaid participants must fund their registration by the 21st of the month. The 21st of the month is the postmarked or PayPal deadline for payments.
- The 3rd week of the month, days 22, 23, 24, 25, 26, 27, and 28 are assigned as inactive. These days are allocated for US Postal Mail to travel and excessively flexible time for the Captain's Club to post payments.
- The last day(s) of the month will be used to Unregister Unpaid Participants.

Question: Can you explain what happens after Phase 3?

Answer: We expect vacant roster space after Phase 3. The Roster Worksheet will be used to fill the remaining spots with registrants who have already paid. These additions can be (1) re-registered golfers who missed a previous deadline, (2) further Phase 3 registrants not accepted, and (3) further rookies. All golfers must be both registered and paid or will be skipped over.

Question: Does the Carl Spackler Open add participants weeks after Phase 3?

Answer: Sure. Paid registrants are added when roster space is available and as unpredictable golfer cancellations occur. The full event fee could be required based on proximity to the event.

ROSTER CONSIDERATIONS & ORDER

Further documentation is available that outlines roster considerations, collection of individual contributions, and inclusions for each phase.
